Discussion:

- Principal explained about ADEK's initiative for Blue Schools and he informed parents that to reach Blue status, we need to have 85% of our students vaccinated and currently only 23 % of our students are vaccinated so far which keeps the school in the Orange category. Principal encouraged parents to vaccinate their children for their health and safety and to help the school reach the Blue status.
- The pandemic has negatively affected transport companies in term of availability of drivers. Bus routes, roadworks, traffic lights affect the bus timing. School bus is a transportation service from A to B for all the students on the bus and not for individual students and it has to follow a certain route.
- PTCs will happen in the next weeks
- Report cards will be shared at the end of the term. It will reflect progress, attainments, and targets. A Q&A sessions will be held prior to issuing reports
- Elections are done for choosing parents to be members of the school board. The names were shared with the management and will be announced soon.
- Parents council is formed and meetings will start soon.
- Principal explained the reason behind not having a waiting area for students who finish at 1:00 PM.
- Teachers will be sending revision booklets for secondary students prior to exams.
